

Section 19 Permit Application Form Guidance

This guidance is used for organisations who would like to apply for a Standard Section 19 Permit from Westmorland and Furness Council under the Transport Act 1985. It will help you complete the Application Form from our website www.westmorlandandfurness.gov.uk/communitytransport. For further information and guidance, please ring the Voluntary Transport Officer on 07788 396194.

A Section 19 permit can only be granted to a body concerned with education, religion, social welfare, recreation or other activities of benefit to the community. These permits are either 'standard permits' for vehicles which are 9 or more passenger seats (do not include the driver seat) adapted to carry no more than 16 passengers or 'large bus permits' for vehicles which are adapted to carry 17 or more passengers. If you are using a smaller vehicle (less than 9 passenger seats), separate fares must be charged. However, Westmorland and Furness Council only issues Standard permits (9 to 16 passenger seats). All other permits must be issued by the Traffic Commissioner.

A permit allows the holder to operate transport services for hire or reward without the need for a full public service vehicle (PSV) operator's licence, provided the services are neither carried out with a view to profit nor incidentally to an activity that is itself carried on with a view to profit.

Organisations cannot hold both a permit under the 1985 Act and an operator's licence under the Public Passenger Vehicles Act 1981.

A Section 19 permit enables an organisation to transport their members, or people whom the organisation exists to help. Vehicles cannot be used to carry members of the general public.

As a permit holder you have a responsibility to make sure that your services are operated within the law, with vehicles properly maintained and using drivers with the appropriate qualifications.
